SECTION A - SUPPLEMENTAL INFORMATION

1. The purpose of this amendment is to provide responses to additional questions received regarding Solicitation W52P1J04R0116 as set forth below.

A. QUESTION:

With regard to Section H, Clause H-5, Item Identification and Valuation, of the subject solicitation.

The fill-ins for paragraph (c)(1)(ii) have been completed by your organization under Exhibit Line Item Number as "0001 and 0002" and under Item Description as "M228 Practice". We don't understand why the M228 Practice Hand Grenade Fuze has been delineated in this clause.

The intent of the DoD unique item identification system is to mark items with a unit acquisition cost of \$5,000 or more. ( See Department of Defense Guide to Uniquely Identifying Items--Assuring Valuation, Accountability and Control of Government Property--Version 1.4 dated April 16, 2004, issued by the Office of the Principal Deputy Under Secretary of Defense (Acquisition, Technology & Logistics) The M228 does not fit into this category of property as its unit cost is not over \$5,000 as well as the fact that it is a use and discard item.

This solicitation clause references MIL-STD-130L (Department of Defense Standard Practice Identification Marking of U.S. Military Property--December 20, 2004). The requirements for marking discussed in this document would seem to preclude the practicality of being able to apply this to the M228.

The marking requirement defined in this clause is not delineated in the M228 drawings or specifications supplied with the solicitation.

Please confirm that it is the government's intent to require this type of marking on each of the M228 fuzes to be produced under the resultant contract. If your answer is yes, we would welcome any additional clarifying information that you could provide on this topic.

ANSWER:

Section H-5 252.211-7003 ITEM IDENTIFICATION AND VALUATION is removed. The requirements specified in Section H, Clause H-5 252.211-7003 are not applicable to this solicitation and shall not be addressed in the offerors' proposals.

B. QUESTION:

Solicitation Attachment 002, ECP R2G3003, dated December 10, 2002, under configuration item "Fuze, Hand Grenade M213 Assembly", adds a paragraph 6.13 entitled Crack or Porosity in the Fuze Body (Major Defect) to page 41 of DTL 8822131, dated 24 July 2001.

Solicitation Attachment 004, ECP R3G3006, dated April 25, 2003, under configuration item "Fuze, Hand Grenade M213 Assembly", adds a paragraph 6.13 entitled Void or Crack (Critical Defect) to page 41 of DTL 8822131, dated 24 July 2001 & outstanding ECP R2G3003.

Does the paragraph 6.13 added by ECP R3G3006 take precedence over the paragraph 6.13 added by ECP R2G3003?

ANSWER:

OFFERORS SHALL BE AWARE THE ATTACHED DOCUMENTATION (ATTACHMENTS 15 AND 16) ARE SUBMITTED FOR CLARIFICATION. All changes incorporated by ECP R3G3006 take precedence over any previous changes made by ECP R2G3003.

a. R2G3003- signed document dated 12 Dec 02 (Attachment 15).

b. R3G3006- signed document dated 25 Apr 03 (Attachment 16).

C. QUESTION:

CONTINUATION SHEET	Reference No. of Document Being Continued		Page 3 of 5
	PIIN/SIIN W52P1J-04-R-0116	MOD/AMD 0003	
Name of Offeror or Contractor:			

A Percussion Primer (drawing 8799925) using the PA-101 Composition is required by note 6 of drawing 7548576 (Primer Holder Assembly) which is part of the TDP for the M228 Grenade Fuze. PA-101 primer (note 3 of drawing 8799925) is no longer commercially available. Can an alternate in accordance with note 8 be used without violating the requirements of note 11?

ANSWER:

Offerors may propose an alternate composition that will meet all the performance requirements of the PA-101 composition.

2. This amendment also provides the attached, signed document (Attachment 17) which is submitted for clarification. This copy shall take precedence over any document previously provided.

3. Except as provided herein, all other terms and conditions remain the same.
